ACTION DELAYED IN ADDING FIRE, POLICE EMPLOYE

Council and Committee Talk Over Proposed Plan of Uniting Services

It may be some time before the city council will add another employe to assist in the police and fire departments.

At least, a lengthy discussion at the city council meeting last night and a conference earlier in the week have resulted in no action being taken on the proposal. This week's discussion brought to a climax a proposal of several weeks ago to add another employe when the new city hall is occupied. The additional employe was to serve in the dual capacity of a police desk sergeant and then a fire truck driver when fire alarms came.

WANT PRESENT PLAN

Members of the volunteer fire department prefer to continue the fire department as at present without any connection with the police department, said Glenn M. Atwood at the city council meeting last night. With him were G. A. Brest and Fire Chief Jake Voth, who had been appointed as a committee to confer with the council. On Monday night the fire committee discussed the proposal with a council committee of Perry Long and C. Ernest Olson.

Expressing the belief that views of the volunteer firemen should be given every possible consideration, the council last night tentatively pigeon-holed the proposal.

BETTER INSPECTION

As proposed, the additional employe would make possible a rotation of duties among the policemen and firemen to give Fire Chief Jake Voth more opportunity to make fire inspections and to have someone on duty at all times in the police department.

Under the present arrangement, all night police telephone calls are diverted to the fire department and Judge D. J. Burlingame assists part time in handling day police calls.

VERY FRIENDLY ATTITUDE

"We are just like one big family in this city and we came here to talk over a problem in the friendliest of terms," Mr. Atwood explained. While there was apparent disagreement between spokesmen for the two departments, the conference was very informal and everyone had high praise for work of the city employes and the two departments.

Addition of one man to either department would result in more efficiency, it was pointed out. Present fire insurance rates are about as low as it is possible to get them, it was reported.

Postal Building To Be Redecorated as 5-Year Lease Signed

With a five-year lease signed with the federal government to house the Upland post office in its present quarters, W. C. Cline, owner of the building, is today planning to redecorate the structure and place a large window in the east wall.

While the lease is for five years, it has a cancellable clause and the agreement may be terminated under certain conditions. Those who are inclined to be optimistic have expressed the belief the United States post office department will place a new federal building here prior to that time.

In which case the lease can be broken, according to Postmaster Orton P. Brady.

Postal Business Is Getting Ready for New All-Time Mark

Business at the Upland post office set a new record during the last quarter of 1937.

In spite of that record, business during the current quarter is six per cent ahead of the all-time volume mark set last year.

"So it looks like we are going to set a new record during the Christmas season this year in spite of the big mark last year," boasted Postmaster Orton P. Brady.

"It is also time to urge people to 'mail early and wrap carefully.'"

Dr. Foster Is "Rich" In Friendships, Happy Over Half Century of Service

About the time the first settlers were locating in this district a happy newlywed couple left Ireland for the undeveloped far away and little known Pacific coast.

"I realize now more than ever that friendship is one of the greatest values in life," Dr. Bert Foster feelingly said yesterday afternoon, in looking back over the past half-century. His first task as an Episcopalian missionary was among the hard-working miners and railroad men of the pioneer west.

DR. BERT FOSTER

GLAD OF FRIENDS

"They were really fine fellows," he declared emphatically. He admiringly rubbed a silver chest given to him by one of the early day groups in Utah. "All true friends are the same, irrespective of the circumstances in which you find them."

Dr. and Mrs. Bert Foster will on Sunday celebrate their golden wedding anniversary.

A few days after their marriage on Nov. 20, 1888, they started their voyage across the Atlantic and then across the United States. Blackfoot, Idaho; then Pocatello, was the scene of his first work. They came to America "because of the great need for missionaries among the miners and other early-day settlers."

In response to a request from the church leaders, he and his young bride left behind friends, relatives and their native land.

WORKS WITH MEN

Dr. Foster, always aided by his devoted wife, worked with men where he found them. Sometimes he spoke to them at meetings. Other times he just mingled among them.

Small of stature, but powerful in influence, Dr. Foster easily won the interest and support of many persons. Within two years he had established missions in five western communities.

He moved about from settlement to settlement and from time to time his districts were changed. On leaving, he invariably was presented with a token of remembrance by the rugged westerners, deeply impressed by the tender and inspiring missions of their religious leader.

"I am rich, I have so many friends," expressively declared Dr. Foster. "All through our lives people have been so good to us.

WINDOW EXPRESSIVE

He referred to the window in St. Mark's rectory as being "so beautiful and expressing so much by people here."

On Sunday special services will be held in the church and at noon about 20 people will be present for dinner to help celebrate Dr. and Mrs. Foster's golden wedding anniversary. Their son, Bert Foster, captain in the national guard and deputy state controller, with Mrs. Foster, has come from Sacramento to be present for the festivities.

Dr. and Mrs. Foster have lived in Upland 26 years.

BEATTIE HONORED IN EXCHANGE VOTE

Uplander Named First Vice-President of Citrus Organization

In addition to re-election of Charles C. Teague as president of the California Fruit Growers Exchange at the annual emeting, the board of directors of that organization also elected W. K. Beattie, Upland, first vice president; H. A. Lynn, Riverside, second vice president, and LeRoy E. Lyon of Orange county, third vice president.

As evidence of the industry's appreciation of his strong and wise leadership, Teague has been re-elected to the important position as head of the Exchange for nineteen consecutive years. Mr. Beattie, widely known among the citrus growers, had previously served as third vice president. He is one of the mose widely known men in the citrus industry because of his activities in the organization.

Ledig Reelected as Head of Alta Loma Citrus Association

H. A. Ledig was re-elected president of the Alta Loma Heights Citrus association at the reorganization meeting this week. Other officers are J. F. Grass, Jr., first vice president; John C. Belcher, second vice president; E. R. Hively, E. F. Lingo, E. E. Perdew and C. B. Motsinger, directors.

Paul Adams was re-elected manager.

Many Join in Red Cross Drive But Many More Needed

With many persons already joining the Red Cross and with many more memberships needed, the fifth day of the current, intensive campaign ends tonight.

While not realizing the goal but nevertheless encouraged over the response, Mrs. Hjalmar Anderson, roll call chaidman, appealed to the general public to join in the financial effort to provide funds for emergency welfare work.

On page three and five of today's Upland News is additional information about the drive and a partial list of names of persons who have joined.

TO KEEP CYPRESS TREES ON AVENUE

Request to Remove Them From Mountain Denied by City Council

Cypress trees that line Mountain avenue cannot be removed, according to action taken by the city council last night. The planning commission recommended that the trees be maintained.

H. C. Meek, owner of a citrus grove that is bordered by the trees, had asked the commission for permission to remove the trees. Some time ago palm trees along Mountain avenue were removed with city council permission. Believing that the cypress trees were doing more damage than they were in adding beauty, Mr. Meek had asked for their removal.

In denying the request, the council ordered Richard G. Manley, city manager, to have the trees trimmed and to maintain them attractively.

Harry Cooley and Lacey Handley were present to suggest that contractors be charged on the basis of what they do here, rather than a flat fee for a business license. The matter was taken under advisement.

Rural Carriers To Have Annual Banquet In Upland Saturday

The rural mail carriers of Southern California will hold their annual banquet in Upland tomorrow night, the dinner to be served at 6:30 in the Woman's club house, with program following.

Harry S. Fies of this city, state president of the organization, states that more than 60 rural carriers and their wives will be here to enjoy the annual event.

There will be a number of entertainment features during the evening, including songs by Chaffey pupils under direction of S. Earle Blakeslee, also short addresses by some of the members.

On Sunday, Nov. 27, Mr. Fies will be at Woodland attending a similar event for the rural carriers of the north part of the state.

DR. AND MRS. BERT FOSTER PAID HONOR BY MORE THAN 200

Addresses and Historical Pageant Feature Event at Woman's Club House

The Rev. and Mrs. Bert Foster and family desire to express their gratitude to all who helped to make the dinner such a wonderful success and all who were kind enough to attend, especially the Rev. and Mrs. George West Barrett and the children who put on the play, "On the Frontier." Everybody has been so interested that all we can do is say "thank you" and know that it comes from our hearts.

Bert Foster.

An outpouring of affection and appreciation seldom seen was lavished upon Dr. Bert Foster, rector emeritus of St. Mark's Episcopal church of Upland, and Mrs. Foster by about 200 persons who gathered at the Upland Woman's club house last evening to pay tribute to them.

The event was on the fiftieth anniversary of the marriage of Dr. and Mrs. Foster, who left their native Ireland a few days after their wedding to come to this country and engage in missionary work in the wild and sparsely settled sections of the west—notably Wyoming and Idaho.

Preceding the evening's program was a wonderful turkey dinner prepared and served by members of the Woman's club. Toastmaster for the event was Howard Shattuck of Ontario, chairman of St. Mark's vestry, who handled the program in a delightful manner.

Presenting the speakers, Mr. Shattuck called upon the following for short addresses: Dr. Robert C. Stone, representing the Upland Ministerial Union; Orton P. Brady of the Masonic lodge, and Emery Sargent of the Lions club. Each paid tribute to Dr. and Mrs. Foster in gems of speech that expressed their deep love and admiration for those who were being honored and which sentiments are shared by every person present and hundreds of others in the community. In behalf of the Eastern Star chapter Mrs. Charles O. Deverts, with well chosen words, then presented the honor guests with a gorgeous bouquet. Then followed words of tribute by Rev George West Barrett, Dr. Foster's successor as rector of St. Mark's, who also announced the pageant to be presented.

The pageant was entitled "Fifty Years Ministry," and depicted a number of events in the career of Dr. and Mrs. Foster and was excellently done and most impressive, showing among other things some of the hardships of the early day minister. The pageant was compiled and directed by Rev. Barrett, assisted by Gerald, Virginia, Park and Robert Riggs, while those so capably portraying the various characters were Robert Larkin, Elizabeth Denison, Howard Allen Jr., Bleeker and David Wass, Phyllis and Barbara Patton, Edmund and Charles Williams, Mabel McLenathan, Harry Mertz and Harold Maitley.

Adding to the enjoyment of the evening were two cello solos played by Herbert C. Gray, accompanied at the piano by Mrs. Gray, and a recitation, "On the Frontier," by David Wass.

Among those enjoying the event in honor of Dr. and Mrs. Foster were their son and daughter-in-law, Mr. and Mrs. Ethelbert Foster, who came from Sacramento in order to be present.

ANNOUNCE SERVICE OF THANKSGIVING

Early Hour Set by Ministers For Thanksgiving Day Union Service

Annual Thanksgiving service, planned by the Upland Ministerial Union, will be held next Thursday morning at 7:30 at the Church of the Nazarene, corner of Ninth street and Third avenue.

The pastor of the church, the Rev. John P. Mandler, will be in charge of the service and the Rev. George West Barrett, rector of St. Mark's Episcopal church, will deliver the Thanksgiving sermon.

Attention is especially called to the early hour of the service. In the past the Thanksgiving service has been held later in the morning, usually at 10 o'clock, but believing the earlier hour would be more convenient for most people who desire to attend, the ministers decided to begin the service at 7:30.

All churches in the city are uniting in the service and the public is invited to attend.

FLOWERS WILL BE SOWN ON EUCLID

City Council To Improve Area From Santa Fe Tracks To Southern Limits

Sowing of wild flower seeds on the South Euclid avenue parkway was authorized at the city council meeting last night. The sowing will include that area from the Santa Fe tracks to the south city limits.

The wild flowers will be developed as a beautification project. Being sown at this time, the seeds are scheduled to be propogated with the arrival of the first rain.

Once developed, the field of wild flowers is expected to reseed itself year after year.

Eventually the parkway area may be improved with a lawn. A WPA project for this has been approved but has specified that owners of abutting property must pay for cost of materials.

In the meantime, the wild flower field is to provide an improved appearance.

4000 ACRES BURNED AND SOUTHLAND'S WORST FIRE OUT OF CONTROL IN CANYON

Four thousand acres of kindling—dry trees and underbrush in San Antonio and adjacent canyons—have been wiped out in the wind-driven forest fire that this afternoon is waging out of control along a 13-mile front.

The flames, shooting wildly and furiously along the mountain tops and slopes, is menancingly near canyon homes and resorts near the Bear canyon store. The fire was only a few hundred feet from the Camp Baldy school at 1 p. m., and the fate of many improvements in that area lies with the way the wind blows.

RESIDENTS LEAVING

The 100 residents in the canyon area are leaving their homes. The canyon road is closed to everyone.

Starting at 12:30 o'clock this morning, the fire has spread so rapidly that 12 hours later veteran forestry employes termed it the most disastrous fire ever in Southern California. Every available CCC camp enrollee is fighting the blaze. Truck loads of additional fire-fighters are being rushed into the canyon, more than 3,000 men being on the fighting line at a score of points this afternoon.

An unidentified Dalton CCC camp enrollee suffered a fractured back when a rolling rock crushed him this morning. Other fighters have suffered minor burns. No resort buildings or homes in the canyon have been burned but unofficial reports state the Sunset peak lookout was destroyed.

WORST IN FOREST

Mrs. Jack Tunstall, wife of the forest ranger directing the fire-fighters, said the blaze is the worst ever in the Angelus national forest.

The fire started at "garden spot," a cozy little nook on the canyon road half a mile south of Bear canyon store. From there it shot up the side of the mountain and the dry, thick timber and brush quickly vanished in the path of the fire, driven by a 55-mile an hour gale. Much of the west bank of the canyon had been completely cleared of any brush for at least two miles south of where the blaze started.

SWATH MILE WIDE

Into Cattle canyon, the west slope of Mt. Baldy, the flames spread, cutting a swath a mile wide through the dense, tall timber. The valuable forestry experiment station towards the Glendora region was in danger, with hundreds of fighters attempting to keep the fire away.

So rapidly have the flames spread that 3,000 fighters spread along the 13-mile front are hopelessly unable to cope with the battle—unless the wind ceases. The flames were out of control early this afternoon.

Mrs. Tunstall and A. M. Wisely were laying hose at 1 p. m. preparatory to "soaking down" the area surrounding the ranger station and the school house.

KEPT ON WEST SIDE

So far, the destructive flames have touched only that area west of the canyon road. At several points, however, the fire was heading toward the green, thick brush watered by the canyon stream. At the foot of Hogsback mountain are six cabins owned by H. C. Kennedy and five other Southern California Edison Co. employes.

One arm of the gigantic fire monster was reaching toward this group of cabins early this afternoon, the flames being not more than a few hundred feet away. Should the fire continue to eat eastward into this group of cabins, it might be on its way to spread to the thick watershed on the east side of the canyon.

Who caused the fire?

Mr. Wisely said "that by late this afternoon we may know more about it." He blamed a careless smoker. "We know the whereabouts of all but five people and one of those persons may know how the fire started."

PRISONERS FIGHT

Higher up on the west side of the mountain just above where the fire started is the Los Angeles county prison camp. The first fire call came from that camp to the office of alert Mr. Tunstall. The fire quickly surrounded the camp and only through heroic efforts of the men were they able to save themselves as well as to keep the fire from a huge cache of dynamite.

"The consternation caused by the fire was far greater than that during the flood," described Mrs. Tunstall. "Soon after it started, the lighting system was destroyed." Mr. Wisely said the pavement was too hot at 5 a. m. for persons to walk on it.

At daybreak the flames shot westward into Cattle canyon, only to turn back eastward at about 10 a. m. School had convened at Camp Baldy but when the flames shot out over the ridge just above the building Mrs. K. Allen Amsbough, the teacher, dismissed her 21 pupils. Immediate evacuation was ordered.

SHEPPARD HERE TO GET DATA ON HUGE DAM PROPOSITION

Congressman Meets With Property Owners and Views Proposed Site

So that he will have a close-up view of the site of the proposed $12,400,000 retention dam and flood control project and can better visualize its possible effect on Upland, Congressman Harry R. Sheppard came here this afternoon.

A number of interested property owners accompanied the officials on a tour of the northwest part of Upland. Mr. Sheppard was in that area that some day may be the site of a towering 40-wall of dirt. He was advised of the tentative plans and shown where the proposed dam will follow a circular route in extending from the San Antonio canyon wash east across Mountain avenue at Twenty-third street and connect with San Antonio Heights.

GROUP ON TOUR

Otto Christensen was among the property owners leading the delegation on the tour of inspection. The congressman was also accompanied on the tour by Godfrey Andreas, assemblyman.

Soon after Mr. Sheppard returns to Washington for the opening of the congressional session, an allotment is scheduled to be made for construction of the project.

OPPOSE PLANS

Mr. Sheppard was advised that many local property owners oppose the project due to its likely damage to the highly productive citrus district and to its marring the general appearance of the community. The property owners are not opposed to a flood control program but only to the plans as drawn at present.

While there have been reports of an organized opposition being developed, today's meeting was the first one held.

GROUP HOSPITAL INSURANCE COST, SERVICES GIVEN

Advantages of Joining in New Health Program Cited At Meeting

Modern in its organization, cooperative in its method of financing and available here through unusual arrangements, a hospital insurance plan is today in effect at the San Antonio Community hospital. Ray Deckman, East Ninth street resident, has been appointed local director of the program and everything is in readiness to offer to local residents a new hospitalization service.

Based on the theory that at least 10 per cent of the people need hospitalization annually and that unexpected sickness frequently ruins financial budgets, the insurance plan calls for small monthly payments from all participants and provides that such payments will defray the hospital cost of the members.

PLAN OUTLINED

Zach Farmer, executive director of the Associated Hospital Service of Southern California, last night ably presented the detailed plans of the insurance service, its advantages and emphasized that the set up here will be a "model for all rural communities."

Mr. Farmer spoke at a meeting of representative Upland and Ontario residents. Among those present were Charles V. Barr, president of the hospital board, and Dr. Donald S. Gilley, president of the hospital staff of doctors.

COST IS STATED

Answering the question, "What it Costs," Mr. Farmer gave these rates: Men, 75 cents a month; women, 85 cents a month; husband and wife, $1.50 a month; husband, wife and all children under 19 years of age, $2 a month.

As to "what you get," Mr. Farmer listed these: Hospital care for 21 days, general nursing care, meals and service of dietitian, medicine, drugs and dressings and other hospital facilities, and in maternity cases, care of mother and baby for 12 days. Other privileges are also available.

JOIN BY GROUPS

Memberships must be by groups and not as individuals, he explained, adding "members of lodges, clubs, employes at any concern or other groups may join, providing 40 per cent of the membership of any group is represented."

Any joining group must have at least five members.

"The state legislature has set up the people's own plan for insurance service, enabling individuals to help each other in emergencies by pooling their pennies," emphatically declared Mr. Farmer. "These massed dollars insure the best of hospital service to those who are stricken."

LEGISLATURE ACTS

The legislature provided for creation of the Associated Hospital Service of Southern California, a non-profit corporation, to administer this plan for the people under the jurisdiction of the state department of insurance.

Additional information about the service and the plan may be obtained from Mr. Deckman at the hospital.

PRORATE DEAL IS DEADLOCKED AGAIN

Southland Shippers Meet But Unable to Fix Rate of Market Flow

For the second consecutive week, prorate shipments of fruit from California and Arizona were blocked in actions today and yesterday. The distribution committee was deadlocked in its fixing of a prorate total due to negative votes of the two M. O. D. repretatives and an independent. Likewise, the growers advisory committee meeting in Los Angeles this morning, was deadlocked in its voting.

For five years the prorate program of regulating shipments from the two states has been in effect and California Fruit Growers Exchange spokesman today emphatically declared that a determined effort is being made to continue the prorate deal.

Melvin Hudson Is Announcer in First School "Broadcast"

Melvin Hudson acted as technical adviser for the first broadcast from station CJC at Chaffey junior college yesterday noon. Campus broadcasts of school news, music and special programs are to be held each Wednesday and Friday over the college loud-speaking system during the remainder of the school year as part of the work of the English classes.

It is possible with the equipment at Chaffey's command to reproduce almost exactly the conditions of an actual radio studio and give practical experience in the arranging of programs and the correct technique for speaking into a microphone.

Music for the first broadcast was furnished by Ralph Williams, vocalist.

Mrs. J. W. Everard Is Awarded Prizes in Chrysanthemum Show

Mrs. J. W. Everard of 1543 West Eighth street makes a hobby of growing fine chrysanthemums and she had the pleasure of winning two prizes at the recent annual chrysanthemum show held by Mrs. H. H. Waters at her chrysanthemum garden in Pomona.

Mrs. Everard was awarded third prize in the novelty class for her exhibit of orchid quill chrysanthemums and third prize for the most artistic arrangement of flowers for the dining room. For her winning bouquet Mrs. Everard used yellow and white single daisy chrysanthemums.

Water Income in Month Is $6,625

Water receipts to the city during October totaled $6,625.27, according to the report submitted to the city council last night.

Other receipts through the city manager's office totaled $3,942.64. Among the major items of income were liquor license, $583.13, and allotment from the state for major streets, $3,011.52.

TODAY'S BIBLE VERSE

Thou shalt not kill.—Exodus 20:13. Whosoever hateth his brother is a murderer.—I John 3:15.

About Men and Machines

Although the wheels of industry are said to be increasing in activity from the factories of the east to those in the west, the alarmists still see the shadow of gloom in the march of the machines. Among other things they point to the fully mechanized system of raising sugar beets reported to be nearing perfection at a California experimental farm. They also point to animated factories that pluck the cotton from the rows of plants—cheaper and quicker than men can do it.

What, they ask, is to become of the men who are displaced by these machines? What good is increased mechanical development if it means still further increase in unemployment?

But this matter seems to at least be a debatable one—and those are old questions. They are the same that were asked when the automobile industry was a mere youngster—before cars had tops, starters or four-wheel brakes. They argued: What will happen to the buggy makers, the whiphandle shapers and the spoke builders?

In those days no one could vision what the automobile would mean to the nation many years later. However, the doubts that then existed were punctured with the speed of a toy balloon. In the United States as a whole there is now an automobile for each four persons and travel has been revolutionized. There were undoubtedly a considerable number of persons of the horse and buggy days who were thrown out of employment on account of the automobile. But far from decreasing the number of employes in the nation automobiles have so increased employment that today one out of every ten men earning wages is connected in some way with the automobile industry. The thousands of service stations are the result of the automobile—and there are the gasoline, oil, tire and accessory industries that are the direct result of the automobile.

This same automobile has also brought forth the almost unbelievable development of the many thousands of surfaced highways that now line almost every part of the country—even to remote places in our mountains and making access easy to such playgrounds and resorts.

As has been the case with the automobile, when a new industry comes into existence other industries spring up as a result and other commodities are required. We often wonder what those employed as a result of the automobile and allied industries would now be doing if it were not for those enterprises. Certain it is that they would not be making wagons, buggies, carriages and other articles required in their manufacture. Neither would the tourist business be what it is today—for not many persons made extensive trips with Old Dobbin as the motive power.

The speeding wheels of modern industry not only make jobs—they also make the prosperity that is the result of employment. It is the natural rule that progress is inevitable—and with progress comes many greater conveniences providing a more comfortable and enjoyable manner of living.

Know All About It

"We cannot understand why there is not a general demand that the newspaper columnists of the country be placed in charge of the government. There are so many of the pontifical gentlemen--and ladies—who themselves admit that they know the answers to all the questions, that with the solutions of all our problems contained in the daily press, it seems strange the country does not avail itself of all this pent-up wisdom." The foregoing from the Kansas City Times was clipped from another paper and mailed to The Upland News a short time before the election, the sender—as is usually the case in such circumstances—not signing his—or her—name. While we make no pretention of being a "columnist" and as it is not often that a newspaper man is "handed a bouquet"—verbal or otherwise—we naturally suspect that we were being "given a little dig" for expressing our opinions in this column. Unless we have a misconception of the newspaper game, the editorial column of a newspaper is for that purpose. We are quite positive that other people besides editors have opinions and express them. No doubt the party sending in the above clipping expresses his opinions—and if he were running a newspaper he would express them in his paper.

Walk along the street and you hear people expressing opinions—taking in a scope from national affairs down to the most trivial local or personal matters. Because a person expresses an opinion should not be taken as an indication he thinks he is capable of running the national government—but he is entitled to his opinion and the privilege of expressing it. From all the vast number of expressions by "columnists" and other people—and through his own thinking—a person is enabled to decide upon what course he regards best toward any issue or matter under discussion.

Freedom of speech and freedom of the press are one great difference between our form of government and those under the iron rule of one man such as Mussolini and Hitler. We cannot believe there are many in this country who are looking forward to such a condition as that.

We have heard a number of persons express regret that the salary increase was not voted the chairman of the board of supervisors of San Bernardino county. There is no doubt that the present chairman, C. E. Grier, is deserving of much more money than the office pays. Mr. Grier is not only doing a splendid job for San Bernardino county, but he is also doing a great service for the state as a whole. Although Mr. Grier well deserves the salary specified in the proposition on the ballot, we believe the amount of the increase specified was what defeated the proposition. While people are in no mood to vote for increased expenditures at this time, in all probability the voters would have favored an increase to $3500 or $3600. However, Gene Grier is the kind of man who will continue his best efforts for the county and state just the same as he has in the past.

Perhaps the fellow who invented that saying about horse sense had in mind the fact that horses run races—but they don't bet on 'em.

A dentist may fill a long-felt need—but he usually makes someone painfully evident of the operation while he is doing it—and afterward.

See where Irene Castle McLaughlin says she can't live on $750 a month. Neither can we—we can't get the $750.

HORN OF PLENTY

Beverly Hills Citizen: The fertile earth of California is proving itself a virtually inexhaustible horn of plenty this year.

In rapid succession, production records have been shattered and the law of averages flouted time and again.

This spells all honor to the continuing richness of California's soil, the increasing efficiency of farmers in planting, cultivation, and irrigation. But it also spells a wry tribute to Dame Nature who overdid herself this year, as much as it foretells a possibly profitless year for many thousands of fruit growers, and particularly for the dried fruit producers.

Few Californians are aware that 65 per cent of the state's great fruit crop is dried, or that 90 per cent of all such fruit produced in the United States is grown in California and returns an average of 50,000,000 new dollars yearly to California farmers. Top leaders in this horn of plenty are prunes and raisins which usually account for half of these new dollars.

Next month when an expected 259,000 tons of raisins and 236,000 tons of prunes are launched into America's markets with a nation-wide advertising campaign, their numbers will have been pared to pit and seed by off-grade reductions, pro-rate reductions and surplus removals. But the normal demand for each crop is 200,000 tons. Uneasy growers, barely able to pay for picking, packing and shipping their product, are right in believing the horn of plenty blew too long a blast in their direction.

But farmers should not forget the public has a voice, too, that this is a health-conscious nation, and that the nutritive content of the prune and the raisin are widely recognized. If the consumers of California and the nation lend a helping hand growers may yet hear glad tidings this year.

Whether they do or not rests now with the public.

WILL NOT FOLLOW ADVICE

San Bernardino Sun: Many important Democrats are frantically appealing to Franklin D. Roosevelt to "avoid the tragic fate of Woodrow Wilson." They want, to use more practical words, a practical politician in charge of the works. And to be specific they want Jim Farley back on the job as the real boss. They want Harry Hopkins and Tommy Corcoran shoved far into the background.

All of which would mean that Franklin D. Roosevelt would have to turn his back on the program that is unofficially known as the Third New Deal, organized for him by a group of deep thinkers within the administration who want to re-make the country and who are not particularly concerned in recovery.

It is our guess that Mr. Roosevelt will not follow the appeals of those who are thinking about their own political scalps. Mr. Roosevelt desires to go down in history as the man who inaugurated a new era in the United States. That is his burning ambition; it may even take him into the experiment of seeking a third term. Mr. Roosevelt has passed the point of practical politics. He thinks the country must definitely turn its back on the past and inaugurate new methods.

CONCERNING PARADES

Covina Argus: In a Will Rogers picture, revived and released recently at Covina theatre, Will Rogers says:

"Me go see the parade? I hate parades. Any parade is a nuisance in my opinion. Those great crowds of people are not watching the parade. They are waiting to get across the street. If I had my way every city would have a big tract of land out in the sticks somewhere, and laid out specially for parades, where these confirmed parade addicts could go and parade to their heart's content."

Splendid idea. Recently the county board of supervisors made plans to buy a bunch of joshua trees out in the Mojave desert somewhere, and never could satisfactorily explain why the board members yearned to "save the joshuas." Now, if they will buy a tract of joshuas big enough, and put a circular roadway around it, wouldn't it be a wonderful place for the Elks, the Shrine and the American Legion to parade, while at the same time, downtown Los Angeles could go serenely about its business without experiencing a week of psychopathic traffic tie-up.

THE POLITICAL FOOTBALL

Vista Press: It is becoming increasingly the practice of politicians seeking public office to make all manner of old age pension promises in their efforts to snare the votes of the aged. Both Democrats and Republicans apparently are seeking to outdo each other in pension promises of so much a month.

China Champion: Now that we have a minimum wage and maximum hours law all we need is 11,000,000 more jobs.

For saving the life of a boy at Balboa Beach last summer when he was in danger of drowning, Priscilla Keyt, daughter of Mr. and Mrs. Edwin B. Keyt, was presented with a Girl Scout life-saving medal yesterday afternoon. The medal was sent from Washington, D. C., and was presented by Mrs. William Laidlaw, Girl Scout commissioner of the Chaffey district, during an assembly held at the Tenth Street grammar school.

During the annual meeting of the Ontario-Cucamonga Fruit Exchange, held yesterday, directors were elected as follows: C. E. Harwood, R. O. Price, Geo. B. Harrison, W. K. Beattie, E. H. Sanford, A. T. Hamilton, G. A. Hanson, Glen Shepherd, C. B. Mottsinger, L. A. Smith, W. B. Cavers, Miss Ina Demens and H. B. Harlow.

Edwin B. Keyt, Jr., of the U. S. base on Mare Island, San Francisco, arrived yesterday to spend a week with his parents, Mr. and Mrs. Edwin B. Keyt. He reached here just in time to see his sister, Priscilla, receive a Girl Scout medal for saving the life of a boy at the beach.

Mr. and Mrs. John G. Jacobs of North Euclid avenue were happily surprised last evening when about 50 of their friends arrived at their home and held a party in celebration of their twenty-fifth wedding anniversary. A mock wedding afforded a great deal of amusement.

Mr. and Mrs. J. F. Powell have returned to their home in Upland after spending three weeks in their former home town, Moravia, Iowa.

The Rev. and Mrs. Wm. I. Doole have arrived from Iowa and are located on East Tenth street. The Rev. Mr. Doole is a brother of Miss Rosa Dool.

The Upland and Ontario chambers of commerce will unite in entering a float in the Pasadena Tournament of Roses, it was decided yesterday at a meeting of officials of the two organizations. The Upland committee to aid in preparing the float will be Ernest W. Fischer, Don Palmer and Fred E. Draper.

Mrs. L. D. Temple was re-elected chairman of the Upland Red Cross chapter at a meeting held earlier this week. Mrs. O. K. Granger was named vice-chairman; Mrs. H. S. Wilson, secretary, and Mrs. Harry W. Flowers, treasurer.

Officers for the coming year were elected by the Upland Lions club at a meeting held yesterday at The Sycamores. Glenn M. Atwood was elected president; H. C. Naylor, first vice-president; Ray C. Norton, second vice-president; Fred E. Draper, secretary and treasurer; Wiley W. Mather, Lion tamer, and Norman S. Lawson, tail twister.

Miss Lillian Harnish of the Reynolds-Harnish Dry Goods Co., and her sister, Miss Ruby Harnish, left yesterday for San Francisco to attend the California-Stanford football game. They expect to remain in San Francisco for a week and during that time Miss Harnish will purchase stock for the store.

J. F. Littooy arrived unexpectedly on Wednesday from Boise, Idaho, to visit his mother and sister, Mrs. Martha Littooy and Miss Lizzie Littooy.

Mrs. Flora McDougal, superintendent of nurses at San Antonio Community hospital, attended a reunion of friends in Whittier yesterday.

P. H. McQuillen, president of the Upland chamber of commerce, will attend a meeting of the United States chamber of commerce to be held in Los Angeles on Dec. 2 and 3.

Don Palmer, secretary of the Magnolia Mutual Building and Loan association, has gone to Berkeley to attend the football game between California and Stanford.

10 Years Ago News Of Upland as Seen In The News Files

Wiley W. Mather, teacher at Chaffey and president of the Upland Lions club, is the best speller in the organization. Ray W. Flickinger ranks second and Harold W. Cook, principal of the Upland junior high school, third. At least that is how the honors were divided when Dr. Merton E. Hill, president of Chaffey high school and junior college, conducted a spelling bee at the club meeting held yesterday in The Sycamores.

An immense old pine that was obstructing the view from a business place on Second avenue, was cut down this morning. By strange coincidence, as the tree was felled a voice from a radio in the front of the building sang out the lines from Joyce Kilmer's famous poem, "Trees": "Poems are made by fools like me, but only God can make a tree."

C. L. McKeen has returned to Upland after spending several months at Big Lake, Minn., looking after business interests.

Leigh Thompson, Roy Creighton and Hubert Manker returned last night from a three days hunting trip to the Salton Sea and brought with them 68 ducks.

Mr. and Mrs. R. S. Ledger and three sons have moved to Upland from Paso Robles and are residing at 627 Laurel avenue.

In the annual election held on Monday night by Upland chapter, Order of Eastern Star, Mrs. O. P. Brady was named worthy matron; V. H. Wilson, worthy patron; Mrs. T. M. Nichols, associate matron; Mrs. Grace Norton, secretary; Mrs. H. C. Kennedy, treasurer; Mrs. Blanche M. Loch, conductress, and Mrs. Chas. O. Deverts, associate conductress.

Mr. and Mrs. Elmer Breckenridge of Grass Valley are here visiting their uncle and aunt, Mr. and Mrs. J. J. Atwood.

I. Large, former well known Euclid avenue resident, left yesterday for his home in Williams, Ore., after spending two weeks here looking after his property.

Honoring C. S. Nicholson, formerly an employe of the Upland Lemon Growers Assn. and recently made foreman of the College Heights Lemon Assn. packing house, a dinner was given in Claremont Monday night. Attending from the local association plant were L. R. Bradley, manager; Ernest L. Fuller, Enos Leaman, Elno Steiner, David Bradfield, Boris Cherbak and George C. Foote.

Mrs. R. C. Williams of East Ninth street has returned from a several weeks visit with relatives in Moundridge and Wichita, Kan.

C. E. Grier of Upland was elected chairman of the San Bernardino county board of supervisors yesterday during a special meeting of the board called to select a successor to C. S. Crain of Colton, who passed away a few days ago. Mr. Grier has been a member of the board for the past 10 years.

Mr. and Mrs. Lloyd M. Dickens of Ontario have purchased from Mrs. Laura T. Kelly a five acre citrus grove at the corner of Euclid avenue and Twenty-fourth street. In the deal Mrs. Kelly became owner of a bungalow court in Ontario.

Mrs. W. E. Boulton, chairman of the Upland Red Cross chapter, this morning appointed Mrs. G. W. Eckerman of 2247 Euclid avenue, as chairman of the Red Cross welfare work in Upland. Mrs. Eckerman succeeds Mrs. G. A. Hanson, resigned.

Mr. and Mrs. C. D. Daniels of West street will have as their guests Sunday Mr. and Mrs. P. H. Murphy of Los Angeles, Mr. and Mrs. M. C. Boyd of Pomona, Mr. and Mrs. C. E. Daniels and Mr. and Mrs. Ward Daniels and children of Covina and Raymond Daniels, son of the hosts, of Los Angeles.

CITRUS CITED AS GOOD INVESTMENT

Walter Moffitt Points Out That Good Grove Paying Dividends

Walter V. Moffitt, manager of the Liberty Groves Operating corporation, emphasized in a talk at Chaffey last night that "there is good money in a good citrus grove and that as an investment citrus property is paying just as good dividends as most other investments."

He spoke at a meeting of a Chaffey night school class studying real estate property.

Following the presentation of Mr. Moffitt's prepared remarks, the meeting developed into a question and answer session. For two hours the group discussed care of citrus property and how expenses might be reduced.

Mr. Moffitt emphasized the necessity of studying needs of a grove and of finding out what orchard care work was necessary. Time is well spent in analyzing soil and tree condition, he said. Questions of fertilizer, spraying, irrigation and general orchard care practices were discussed.

Garden Notes

By Bill Gilliland

PROTECTION FROM FROST

If you have some choice plant which is tender to frost you are probably aware that covering it with burlap or wrapping paper will help to keep it from freezing. Should the temperature forecast be for unusually cold weather you may find it worth while to run an extension cord with an electric light bulb and place it under the cover. The heat given off by the light bulb will raise the temperature a few degrees and thus save a plant which would have frozen.

If a cold spell comes unexpectedly and you are unable to cover your tender plants, you will find it beneficial to spray the foliage well with water the morning following the frost. Do this early before the sun has had a chance to strike the foliage. In many cases this will keep the cells from breaking and avoid any damage from the frost.

SMALL BUT HARDY

We can't help but feel that anything small must also be tender. This may be true of baby beef, but it does not hold good for some of our winter flowering plants. The new bright yellow calendula chrysantha can be planted now and thrives on cold weather. Pansies withstand cold weather well and if planted in the sun will bloom all winter and spring. Stock are also hardy, but care should be taken to not keep them too wet, for this causes them to wilt just as though they didn't have enough water.

SAFE FOR SHADE

Shady places are quite a problem in cold weather, but you will find that primroses will give a touch of color and brighten a spot where few plants will grow. Canterbury bells and foxglove do well where tall flowers are needed, while columbine with its soft foliage and graceful blooms is well adapted to the foreground planting.

RED CROSS NEARS QUOTA BUT MORE MEMBERS NEEDED

Additional Support Can Be Given by Persons Joining Next Week

If quite a few more score of persons join the Red Cross immediately, quota for the Upland chanter will be reached.

This is the report this afternoon after tentative reports are available on the results of the intensive drive conducted since Monday.

Additional memberships may be left next week at either of the Upland banks. Red Cross membership tables are being maintained at the J. J. Atwood Co. and at the banks where persons may join tomorrow.

WORKERS THANKED

Highly gratified with the spirit of cooperation shown by the large corps of workers, Mrs. Hjalmar Anderson, roll call chairman, today sincerely and earnestly thanked those persons who have devoted time during the campaign. Mrs. Anderson also said the spirit of cooperation shown by so many people in joining is an expression of an interest in unfortunate people.

"Our funds are used to relieve suffering in emergencies and to help those people who are in unfortunate circumstances," Mrs. Anderson explained, in emphasizing that Uplanders in general do have an interest in their fellow citizens.

MORE MONEY NEEDED

Quota for this year is larger than formerly and just how near that quota has been reached cannot be determined until additional reports have been received from workers in Upland as well as in Alta Loma, Cucamonga, Etiwanda and Guasti. Indications now, however, Mrs. Anderson said, are that additional memberships are needed to meet the quota.

A city-wide drive has been conducted here, many men and women assisting in the well organized and efficiently directed campaign.

FRENCH REVOLUTION SHOWN IN NEW FILM

The dashing, turbulent days of revolutionary France return to the Fox Pomona theatre on Sunday when "If I Were King" comes in as the main feature of an exceptionally entertaining program.

Starring Ronald Colman as the immortal Francois Villon, poet, patriot and bold rogue, it takes what might have been an ordinary costume drama and transforms it into something long to be spoken of and remembered. Frances Dee, Basil Rathbone and Ellen Drew are co-featured above a cast that numbers thousands.

Second feature on this program is the comedy, "His Exciting Night," with Charles Ruggles. Continuous shows will be presented on Sunday.

Final showings Saturday night will be presented of "Listen Darling," with Judy Garland and Freddie Bartholomew, plus the associate feature, "Down on the Farm," with the Jones Family.

"PARADISE PLANTATION" OPENS AT PASADENA

Pilikia in paradise. To be translated from native Hawaiian means trouble in the islands. And in a drama chock with the conflict between east and west, "Paradise Plantation," Shirland Quin's newest play creation, is slated for the Pasadena Community Playhouse, Nov. 22 - Dec. 3, to bring to playgoers a play picture of the real Hawaii.

No beach at Waikiki, no hula-hula to wave in discord with the shimmery glint of Hawaii's golden harvest, sugar cane, but rather "Paradise Plantation" goes far inland to the fount of superstition and native lore to tell its exciting story.

On a certain cane plantation a native youth is posing as the model as a white woman creates his image in clay. Upon the basis of this image hinges the dramatic conflict of East versus West. Tragedy becomes the decision when understanding fails and a western code becomes the final court.

"And Stars Remain," current Pasadena stage attraction, completes its run on Saturday, Nov. 19.

HI SCHOOL P.-T. A. IN FIRST MEETING

Mrs. L. W. Waters Presides And Parents Greeted By Teachers

Gathering for the first time in this school year, members of the Chaffey High Parent-Teacher association held a combined meeting and informal reception Tuesday evening.

The school buses were sent out on the regular routes and many of the parents rode to the meeting just as the students do in going to school.

The meeting opened in the junior college auditorium, with Mrs. L. W. Waters, president, presiding.

Ernest W. Fischer, principal of the high school, extended a cordial welcome to the parents and Mrs. Paul Wise, vice-president, made an inspiring talk on the opportunities and benefits afforded by P.-T. A. work.

An outline of the programs prepared for the year was presented by Olaf E. Snyder, program chairman, and it was announced a question box, which proved popular last year, will be conducted at each meeting.

At the conclusion of this session the parents adjourned to the gymnasium, where they were greeted by the high school teachers during an hour of informal visiting and discussion of school projects.

The interest shown by the parents and the enthusiasm with which they have taken up the year's work, Mrs. Waters states, indicates a successful year for the association.

CUT LIVING COSTS WITH A TELEPHONE

HOME managers who keep an eye on budgets, find the telephone a definite source of economy. They can shop by telephone from one end of town to another without driving costs, parking fees or carfare. Advertised "specials" represent even bigger savings when the expense of going after them is eliminated. A telephone reduces errand costs to nothing. And, at any moment, it may prevent loss from fire or theft by quickly summoning help in an emergency.

If you haven't a telephone in your *home*, order one now — in time for your name to appear in the New Telephone Directory.

Large Number Attend Bridge Luncheon At Red Hill

Drawing an attendance of 70 members and guests, the November bridge luncheon held Wednesday at Red Hill Country club was a delightful event. Brightly colored autumn berries and foliage were used in the attractive decorations for the club house and for tables and the hospitality of the club was extended by Mrs. L. A. Weller and Mrs. Stearns Ingalls, hostesses for the day.

The 1 o'clock luncheon was followed by the afternoon bridge tourney.

Members of Wesleyan Guild in Meeting At Olson Home

A particularly interesting meeting was held Tuesday evening by members of the Wesleyan Service Guild of the Methodist church, when they gathered at the home of Mrs. C. Ernest Olson, 690 North Second avenue for their November session.

Following a new plan adopted this fall by the Guild, Mrs. Olson and her assisting hostesses, Mrs. H. A. McPheeters, Mrs. Earl L. Wenger and Mrs. Elmer Allen, served a tempting dinner at an attractively appointed table, each member paying 25c into the Guild treasury.

Miss Hazel Miller conducted devotional service and Miss Jessie Brown, Guild president, presided during a routine business session.

Provided by Mrs. Fred Rickel, program chairman, an interesting program was presented during the evening.

Presented by Mrs. Rickel, Mrs. Samuel Hughes discussed the missionary program of the Methodist church, telling of the great work accomplished, and she also gave an enlightening history of early Methodism. Her address was much enjoyed.

Miss Martelle Atwood entertained the group with several delightful readings and Mrs. Howard T. Mitchell discussed briefly the general outline of the missionary study book, "American Cities and the Church," which she will review at future meetings.

Attending the meeting were Miss Jessie Brown, Mrs. Samuel Hughes, Mrs. Howard T. Mitchell, Mrs. T. George Cunning, Mrs. Harland Horak, Mrs. Harold Cook, Miss Hazel Miller, Miss Florence Rickel, Mrs. Charles Reed, Mrs. Clifford D. Jellison, Mrs. Fred Rickel, Miss Martelle Atwood, Mrs. Coy Sanders, Mrs. Young, Mrs. Henry Anderson, Mrs. Wilson Gillingwators, Mrs. Vernon V. Paine, Mrs. A. H. McPheeters, Mrs. Earl L. Wenger, Mrs. Elmer Allen and Mrs. Ernest Olson.

Members of Upland Woman's Club Enjoy Program Presented by Thelma Laird, Widely Known Dramatic Reader

Displaying a remarkable dramatic and interpretative talent and captivating her audience with her pleasing personality, Thelma Laird, one of the foremost readers of the west, presented a unique program during the meeting of the Upland Woman's club held Tuesday in the club house.

With the club president, Mrs. Lloyd A. Fox, presiding, the meeting opened with a luncheon at 12:30. Choice chrysanthemums provided attractive decoration for the tables and the club auditorium and an excellent luncheon was served, Mrs. Glenn M. Atwood being chairman of the hostess committee. The floral decorations were arranged by Mrs. H. M. Guy and Mrs. E. O. Bowden.

During the business session that followed the luncheon, Mrs. Emily J. Austin, corresponding secretary, read a number of messages congratulating the club upon the marked success of the recent civic conference sponsored by the club in cooperation with Chaffey. Mrs. Fox took that occasion to cordially thank all club members and others who assisted with the conference.

Success of the series of benefit luncheons being given by the club members was reported by Mrs. Ray C. Norton, chairman of the ways and means committee, who stated she has been notified of a number of luncheons yet to be held.

Two appointments were made by the president, Mrs. Ray R. Sherwood being named assistant chairman to aid Mrs. L. R. Bradley, program chairman, and Mrs. Robert I. Hodgin being selected as representative of the club in the San Antonio Community Hospital Woman's Auxiliary.

Two new members, Mrs. Shuler Briggs and Mrs. Mildred Campbell, were given a cordial welcome.

Mrs. Hjalmar Anderson, chairman of the Red Cross membership campaign, spoke briefly of the value of Red Cross work and the need for financial support through memberships.

For the program Miss Laird, who was presented, by Mrs. Sherwood, gave remarkable interpretations of two plays, one of them being Thornton Wilder's play, "Our Town," one of the most novel performances ever given before the club.

First giving a description of the play, that is produced on the stage without scenery of any kind, Miss Laird proceeded to narrate the story and to interpret the character parts as is done in the very unique and interesting play.

Successful presentation of such a play requires outstanding talent and Miss Laird proved herself quite capable of meeting all demands.

Miss Laird's second dramatization, also very interesting but of a more orthodox character, was Edna St. Vincent Millay's "The Princess Marries the Page."

Announcement was made that the next meeting will be held on Tuesday evening with the husbands of the members as guests.

Mrs. Dinger Hostess To Solano Club

Mrs. Charles Dinger was hostess to members of the Solano club Wednesday, entertaining at her home, 550 West Sixteenth street.

Assisted by Mrs. L. E. Moser and Mrs. Minnie Goodrich, Mrs. Dinger served a tempting luncheon. A beautiful centerpiece of small chrysanthemums in mixed colors, the gift of the guests, graced the luncheon table and other bouquets of the blossoms were used in the living room, where the guests spent a pleasant social afternoon.

Mrs. Clara Engle of Los Angeles, aunt of Mrs. Etta Johnston, was a guest and the club members present were Mrs. W. T. Schaffner, Mrs. D. D. Lambert, Mrs. Lester P. Jones, Mrs. William Littlewood, Mrs. Oscar Gaither, Mrs. Frank C. Buffington, Mrs. Etta Johnston, Mrs. Minnie D. Goodrich, Mrs. L. E. Moser and Mrs. Dinger.

Mrs. Eva Alford Will Spend Two Months In Florida

Mrs. Ernest C. Mehl, Mrs. Arthur Pehl and Miss Dixie Reid were special guests and the club members enjoying the party were Mrs. H. W. Flowers, Mrs. J. F. Sawyer, Mrs. Henry O. Blohm, Mrs. Ray C. Norton, Mrs. H. M. Guy, Mrs. Wayne E. Morse, Mrs. Blanche M. Loch, Mrs. Edna M. Brown and Mrs. Bowden.

SERVICE TO HONOR DR., MRS. FOSTER

New Window To Be Dedicated By Bishop at St. Mark's Church Sunday

Special services at St. Mark's Episcopal church on Sunday will honor Dr. and Mrs. Bert Foster, according to an announcement by the Rev. George West Barrett, rector. The occasion marks the fiftieth anniversary of the marriage of Dr. and Mrs. Foster in Ireland on Nov. 20, 1888, as well as their departure for the United States.

At the 11 o'clock service the Rt. Rev. W. Bertrand Stevens, D. D., bishop of Los Angeles, will dedicate a new window in the west end of the church, erected in honor of Dr. Foster. The bishop also will celebrate the Holy Communion and preach a sermon. Music, under the direction of Herbert E. Gray, includes an anthem, "O Worship the Lord" (Hollins) with a solo by Loren Welch.

From 3 to 5 in the afternoon Dr. and Mrs. Foster will receive friends at a reception at the rectory, 620 Euclid avenue. This will afford an excellent opportunity to view the new window in the afternoon sun. Mrs. George Gregg, the church organist, will play from 3 to 4.

The community is cordially invited to attend these events.

Chaffey Wives Hear Well Known Artist

Dr. Marcella Cone Lane, dean of the art department of Chapman college in Los Angeles and widely known California artist and lecturer, addressed the Chaffey Faculty Wives Thursday afternoon, when they gathered at the home of Mrs. Herbert S. Bailey, 1122 North Euclid avenue, Ontario, for their November luncheon session.

A tempting luncheon was served at noon and was followed by a short business sesion conducted by the president, Mrs. Herschel R. Griffin. The club decided to omit the usual Christmas party given for their husbands and in its place to hold a valentine party next spring. In accordance with this plan, a regular luncheon meeting will be held on Dec. 15.

Presented by Mrs. Wiley W. Mather, program chairman, Dr. Lane, who immediately won her audience with her pleasing personality, talked informally on art and told something of her work in reproducing on canvas many California scenes, particularly of the redwood forests and the deserts.

Dr. Lane delighted her audience by exhibiting a number of her pictures and at one time during her address she painted a Coachella valley desert scene.

Hostesses for the meeting were Mrs. Bailey, Mrs. R. E. Berry, Mrs. Karl Kaiser, Mrs. F. F. Palmer, Mrs. E. V. Wiseman, Mrs. Fred H. Jacobs and Mrs. Gardiner W. Spring. Others attending the luncheon meeting, besides Dr. Lane, were Mrs. Herschel R. Griffin, Mrs. Harry Alter, Mrs. H. R. Stanford, Mrs. Geo. W. Cassell, Mrs. Walter A. Hall, Mrs. James Cassidy, Mrs. A. C. Hargrave, Mrs. Fred H. Clapp, Mrs. A. C. Daniels, Mrs. Geo. P. Weldon, Mrs. L. J. Horsch, Mrs. Harold T. Wilson, Mrs. Seth C. CONSIDER OTHERS, APPEAL TO LIONS

Dr. Hughes Cites Reason for Economic Uncertainties In Address

Huge indebtedness, hatred, lack of moral standards and failure of leaders to consider welfare of others are factors causing the present unsettled world conditions, Dr. Samuel Hughes, pastor of the Upland Methodist church, said at the meeting of the Upland Lions club in the Red Hill Country club house yesterday noon.

To improve conditions, Dr. Hughes in an interesting and learned address, appealed to service club men to do something about readjusting the economic puzzle, and to work out a program that would be for the benefit of all interests.

On the ballot last week was proposition No. 1, concerning the labor situation. This proposal failed to take into consideration all factors in labor disputes and thus it lacked essential qualities making it desirable, said Dr. Hughes.

C. Ernest Olson was program chairman with President Howard Mason presiding. A guest was Ethelbert Foster, son of Dr. Bert Foster.

Golden Wedding and Reunion Enjoyed By Relatives

Planned to honor two missionaries on furlough from Africa, a family reunion that included a surprise celebration of a golden wedding was held on the evening of Nov. 12 at the home of Mr. and Mrs. Simon Lenhert, 263 F street.

The reunion was held for the Rev. and Mrs. Charles Eshelman of South Africa, who have been visiting here for a few weeks, being guests of Mrs. Eshelman's uncle and aunt, Mr. and Mrs. Lenhert.

During the evening Mr. and Mrs. Lenhert, whose fiftieth wedding anniversary occurred on Nov. 13, were happily surprised with the presentation of a handsome cake baked by their daughter, Mrs. Ralph Byer, and many other gifts from the various relatives, approximately 50 of whom were present.

Among those from out of town joining in the celebration and reunion were Mrs. Eshelman's mother, Mrs. Martha Lenhert of Abilene, Kan.; Mr. and Mrs. Robert Long and Miss Fern Shetter of Pasadena, and Mr. and Mrs. H. W. Lenhert of Ontario.

P.-T. A. PRESENTS UNIQUE PROGRAM

Alta Loma Association Given Clever Demonstration in Traffic Safety

Using the somewhat prosaic subject of traffic safety on which to build an exciting program, was the unique feat accomplished by those in charge of the fathers' night meeting held Wednesday evening by the Alta Loma Parent-Teacher association, the session being held at the Alta Loma school house.

With Mrs. Rupert Dishman, president, presiding, the meeting opened with a brief business session and was turned over to Mrs. Kenneth Allen, program chairman.

The scheduled speaker, Mrs. T. L. Johnson of Ontario, had not arrived and the embarrassed presiding officers attempted to fill in the awkward pause.

After several minutes had elapsed Mrs. Johnson arrived hurriedly and as she attempted to explain her tardiness the audience was shocked to see two traffic officers, Louis E. Kronmeyer of Upland and M. P. Hepplethwaite of San Bernardino, enter the auditorium and place Mrs. Johnson under arrest for traffic violations.

Desperately Mrs. Johnson explained she had just made an address on traffic safety at Chino and "just had to hurry" to the Alta Loma meeting. But the officers were stern. They charged her with speeding, running stop signs, cutting in, illegal passing, and other traffic violations and asked to see her driver's license, which she had left in her other handbag.

Finally Mrs. Johnson refused to sign the citation to court and was told she either must appear before Judge James Sharp or go to jail.

When the P.-T. A. president protested the loss of the program speaker, Officer Hepplethwaite kindly offered to make an address.

So skillfully was the scene enacted that for a time the audience believed it to be real and actually felt the embarrassment that Mrs. Johnson was pretending. During the skit Ernest C. Mehl, Upland chief of police, appeared and took pictures of the "arrest."

Mr. Hellpethwaite, in his address, discussed the dangers of such violations as those with which Mrs. Johnson had been charged.

Another feature of the program was a round table discussion of modern government, particularly in Russia, Germany and Italy, held by the students of the seventh and eighth grades, Glen A. Dellenbach, teacher, leading.

Carroll Wiggons, assistant Boy Scout executive of the Old Baldy council, spoke briefly of plans to organize a cub troop in Alta Loma.

The meeting closed with a social hour and the serving of refreshments, the seventh grade mothers being hostesses, with Mrs. Kenneth Allen serving as chairman.

FRUIT SHOWER FOR HOSPITAL MONDAY

Woman's Auxiliary Calls for Gifts of Canned Fruit For Hospital

Gifts of canned fruit for the pantry of San Antonio Community hospital are to be brought to the hospital Monday afternoon, when the regular meeting of the Woman's Auxiliary will be held in the hospital library.

Mrs. Sanford Ballou, Auxiliary president, will conduct a routine business session, but the major event of the meeting will be the fruit shower.

All kinds of canned and preserved fruits are needed and those who desire to, may also bring fresh fruit, which always can be used to advantage.

The canned fruits are welcomed at the hospital at any time, but it is particularly desired that all who can do so bring or send their contributions to the hospital on Monday afternoon, as it is hoped to make a record shower on that day.

ORATORIO SOCIETY TO SING DEC. 22

Handel's "Messiah" Is To Be Given in Concert During Christmas Season

Thursday evening, Dec. 22, is the time selected by the Upland Oratorio society for the presentation of Handel's "Messiah," the date being announced by the Rev. Lester Hostetler, director of the large chorus choir.

At the meeting of the Oratorio society held Tuesday evening at the Mennonite church the question of possible dates for the concert was discussed in an effort to meet the convenience of the singers and also avoid, so far as possible, conflicts with other public programs.

The concert will be given at the First Mennonite church on Campus avenue, the public being cordially invited.

Final Preparations For W.R.C. Bazaar Completed by Corps

With much of the time being spent in making final preparations for the bazaar, being held in Ontario today and tomorrow, the regular meeting of the Woman's Relief Corps was held Thursday at the Ontario American Legion hall.

The meeting opened with a luncheon served at 1 o'clock and was attended by approximately 40 members.

Special birthday courtesies were extended to Mrs. Annie Bryant, mother of Mrs. J. W. McConkay, who observed her eighty-fourth birthday anniversary yesterday. During the day Mrs. Bryant received many gifts of flowers and plants and telegraphic messages came from members of her family in Indiana.

Following the luncheon, Mrs. Dwight F. Gorham conducted a routine business session and reports were made by the several committee chairmen.

The world's leading city in wickedness and vice is reputed to be Cairo, Egypt.

ARTHUR H. BRIDGE CALLED BY DEATH

Widely Known Resident Dies At Balboa—Funeral Will Be Held Saturday

Succumbing to a heart ailment from which he had suffered for several months, Arthur H. Bridge of Carnelian avenue, Alta Loma, passed away shortly after 1 o'clock Thursday morning at Balboa, where he and Mrs. Bridge had gone a few days before with the hope of benefitting his health.

Although the seriousness of Mr. Bridge's condition was realized, yet word of his death came as a shock to his many friends and there were numerous expressions of sincere regret, everyone feeling that his passing is a distinct loss to the West End communities.

All who knew Mr. Bridge held him in high regard and he enjoyed many personal friendships.

A native of Galesburg, Ill., Mr. Bridge was 51 years old. He came from Illinois to Alta Loma 26 years ago and during much of that time he was engaged in citrus ranching. He was an active member of the Upland Presbyterian church and until recent months he took a prominent part in Boy Scout work.

Surviving Mr. Bridge are his wife, two daughters, Mrs. Robert Taylor (Barbara) Ulsh of Berkeley and Miss Ruth Ann Bridge at home; one son, Arthur H. Bridge, Jr., student at Berkeley; three sisters, Mrs. Edmund Flaxman of Wilmington, Mrs. Gerald Flynn of Chicago and Mrs. Ward Mariner of Galesburg, Ill., and one brother, Earl Bridge of Detroit.

Funeral service will be held Saturday afternoon at 2 o'clock in the Upland Presbyterian church, with the Rev. Rex E. Lawhead, pastor, officiating. Private cremation will follow.

The casket will be opened at the Stone mortuary chapel this evening and in the morning, for those friends who want to say a last farewell, but will not be opened at the church.

Captain Larrabaster Addresses Cucamonga CCC Camp Enrollees

Camp Cucamonga, CCC camp No. 1950, had as its guest Tuesday evening Capt. Julian Larrabaster, who delivered a most interesting and enlightening talk on the civil war that still rages in Spain.

Capt. Larrabaster was born in the Philippine Islands of Basque parents, where he lived until the age of eight. Then he was taken to their native land, to the Basque provinces of Spain. His birth in the Philippines, however, assures him his citizenship in the United States and his right to residence here.

He speaks in English and French, which he states were learned as a matter of course in the Basque schools of Spain, as well as the native language and Spanish.

His talk was highly illuminating as to the forces at present contending in Spain, i.e., Franco and his insurgent regime as opposed to the Spanish loyalist government. He told of having to take up whatever rifles or rude weapons of defense were handy in the loyalist cause; of the bombings of Spanish towns and also of fleeing women and children.

Capt. Larrabaster explained dispassionately the presence of Italian and German troops in Spain and their help to the Franco forces, as well as the aid being given by the Soviet Russia to the loyalists.

SALE OF CITRUS LEADS MARKETING OF OTHER FRUIT

Bumper Crop Marketed and Returns Are Reported by Paul S. Armstrong

Bumper production of citrus fruit in the Upland district during the year was a factor in the marketing of 107,330 cars of oranges, lemons and grapefruit during the 1937-38 season.

This is the largest volume ever put into consumption in the history of the industry, according to Paul S. Armstrong, general manager of the California Fruit Growers Exchange. The figures are for the fiscal year ending Oct. 31.

83,000,000 REVENUE

Shipments by the Exchange reached 80,103 cars, 75 per cent of the total movement, and returned f. o. b. to packing houses $63,056,462. If fruit sold otherwise than through Exchange facilities brought the same returns per box, the f. o. b. return for the entire crop would aggregate $83,000,000, the report said.

Bountiful harvests, with accompanying low prices, were the rule throughout agriculture, Armstrong reported. The citrus industry fared better than most, which is small comfort to those who did not make expenses, but does justify confidence in the future because of the sheer volume sold and consumed under most unfavorable conditions, he said.

SHIPMENTS LISTED

Shipments made up of 74,957 cars of packed oranges, 4,869 cars of packed grapefruit, 16,103 cars of packed lemons, with the balance of these varieties sold as loose fruit.

Freight and refrigeration took $48,000,000, the report revealed. Costs of transportation and distribution are too high, with freight this year taking more per box than the grower return to the grower, the report stated.

His report showed that more than 90 per cent of the returns are derived from sales made in interstate and foreign commerce and are, therefore, an important contribution to the balance of trade in California and Arizona.

Stressing the Exchange position in favor of continued regulation of shipments as a means of improving returns to growers, Armstrong said that even more important is advertising and sales promotion such as the Exchange has conducted for 30 years. Sunkist advertising has paid growers well and more like it is needed today, he said.

The combined cost for both marketing and advertising for the season was reported at 4.54 per cent of the gross sales.

FLORIDA IS FACTOR

The marketing problem during the winter did not hinge so much on the size of the navel crop, which was normal, as on the extremely heavy production of Florida oranges which moved to the markets without regulation, coupled with low buying power throughout the country, and the enormous apple crop selling at low prices, the report said.

"Florida's interstate shipments during our navel season were 10,201 cars greater than the five-year average—an increase of 44 per cent."

The Southern California Valencia crop was the largest to date, outturning 56,500 carloads. This exceeded the former bumper crop of 1935 by 6,619 cars, or 13 per cent, and is in excess of the past four-year average crop by 18,344 cars, or 48 per cent.

Motorist Escapes With Life as Car-Train in Accident

His machine left in ruins when it figured in a crash with a Pacific Electric train, Edward A. Pettigrew, Fontana, miraculously escaped death on Wednesday morning. The accident occurred at the often-reported dangerous rail crossing at Arrow highway, east of Upland.

The motorist and the Pacific Electric train were both west bound. The 76-year-old Fontana resident apparently failed to realize the train was approaching the crossing. He was not critically injured.

OUTINGS HELD BY COLLEGE STUDENTS

Beulah College Classes Make Interesting Trips Over Week End Holiday

Sequoia national park provided the place for a most satisfactory vacation and class trip for members of the college senior-junior classes of Beulah college over Armistice day and the week end. Arriving there early Friday morning they found six inches of snow and temperatures ranging from 10 to 15 degrees above zero. They visited the big trees, including the General Sherman, and climbed Moro Rock in spite of snow and ice.

The class returned via General Grant park, but found too much snow there to permit going very far into the park. Sunday was spent at Waukena, in Tulare county, where the group had entire charge of morning and evening services in a little community church at that place.

Those making the trip were President and Mrs. H. G. Brubaker, Mr. and Mrs. Elam Dohner, Paul Book, Lowell Hoover, Joseph Smith, Leah Dohner, Lulu Asper, Miriam Harder, Evelyn Gish, Wilma Book, Ruth Eckman, Amos Buckwalter.

CLIMB OLD BALDY

Five members of the college sophomore class climbed to the top of Old Baldy Friday. They found only a light fall of snow but plenty of wind on top and throughout the down trip in the afternoon. Naomi Bohen, Emma Rosenberger, Dortha Dohner, Ernest Dohner and Melvin Bowers were the hikers.

HAY RIDE ENJOYED

The academy junior class was novelly entertained in the evening of Armistice day by William Wolfinbarger and Danny Weed, two of the class members, with an old-fashioned hay-ride in Chino valley. "Queen" and "Molly," mules belonging to William's father, provided the motive power which transported the merry party over several miles of valley roads. Refreshments were served after the return to the Wolfinbarger home.

Those participating in the "ride" were Esther Horst, Harriet Trautwein, Pauline Alderfer, Dorothy Lenhert, Mildred Barton, Glenn Franklin, Dwight Bert, Orville Bert, Paul Senti, Earl Musser, Paul Abel, Mary Adams, Archie Heer, Mary Elizabeth Young, and Mr. and Mrs. Raymond Niesley, class advisors. Special guests were Misses Neva Watts and Olga Wolfinbarger and Jimmy Lucas.

The academy seniors who are entitled to an annual "skip" in which one day of school may be skipped in favor of an educational trip, spent Thursday, Friday and Saturday in San Diego. Those included in this class are: Alan Barton, Esther Book, Wayne Book, Amelia Brubaker, Ethan Engle, Eilene Frey, Alma Gramm, Rachel Gramm, Frances Logan, David Musser, Barbra Oaks, Margaret Rahn, Mary Belle Reeser, Willis Trautwein, Clyde Zook. They were accompanied by Mr. Benjamin Lenhert, class adviser; Mrs. Lenhert, and Mr. Roy Franklin.

Casa Colina To Hold Reception for Poblic Sunday Afternoon

Now that Casa Colina convalescent home for crippled children, near Chino, is in operation the public is invited to a reception at the institution next Sunday afternoon from 3 until 6 o'clock, in order that they may learn the possibilities of the home.

Casa Colina, in addition to furnishing convalescent care for most types of crippled children, also stresses the rebuilding process from an environmental and scholastic standpoint. Mrs. Clarice Hutchinson, an experienced teacher of under-privileged children, has been assigned to the home. A school room is being prepared and equipped so that all teaching requirements for children between the ages of five and eighteen will be taken care of.

The equipment of Casa Colina is the last word in physical therapy technique. The pool, which was a gift of Mrs. Phoebe Somers, is complete in every detail with heating plant, modern filters and facilities for perfect sanitation.

Casa Colina is located five miles south of Pomona on highway 71. The post office address is Chino.

Uplanders Named To Serve County Legion As Committees Named

Homer T. Goslin, Earl E. Marsh and Thomas E. Howarton are the Upland American Legion members who have been named on important committees for the San Bernardino county council of the American Legion.

Mr. Goslin is chairman of the child welfare committee and Mr. Marsh heads the community betterment group. Mr. Howarton, interested for years in the Sons of American Legion activities, has been named on that committee.

Committee appointments were made at the first meeting of the council under the leadership of Commander Norman Henderson.

Christmas Funds To Be Distributed Soon

According to R. C. Norton, manager of the Bank of America here, approximately $12,000,000 will be released to members of the Bank of America Christmas club throughout California on Dec. 1, through 494 branches of the bank in 307 communities of the state, amount to be distributed being 26 per cent more than last year.

In Upland the total distribution will be $8,200 to 129 local Christmas club members. It is estimated 70 per cent of the money saved in this type of account goes immediately into trade channels, the remainder being reinvested in savings and securities.

Pointing to this year's all-time high mark for what is the largest Christmas club in the country, Mr. Norton remarked: "There is every reason to believe that the coming Christmas will be California's merriest in many years."

BIBLE CONFERENCE TO START TUESDAY

Brethren in Christ Churches Of Pacific Coast Will Join in Sessions

With various churches of the denomination participating, the twenty-fourth Bible conference of the Brethren in Christ church of the Pacific coast will be held in the Upland church next week beginning Tuesday, Nov. 22, and continuing through Friday.

Three services will be held each day, beginning at 10 a. m. and 2 and 7 p. m., with the exception of Thursday, when the congregation will join in the union Thanksgiving service to be held at 7:30 a. m. in the Nazarene church.

The public is invited to attend all of the churches.

FIRST DAY'S PROGRAM

The conference will open Tuesday morning at 10 o'clock with Bishop J. H. Wagaman speaking on "Why Another Bible Conference."

At the afternoon session the speakers and their subjects will be: E. J. Broyles, "Fruit of the Bible as Love," and by Elam Dohner, "The Bible as Life."

Other addresses will be made by A. M. Climenhaga, whose subject will be "The Bible as Light;" by the Rev. J. R. Eyster, "The Spirit," Cletus Naylor, "Five Cardinal Teachings From the Book of James," and Dr. H. G. Brubaker, president of Beulah college, "Anti-Christian Deceptions."

The evening sessions will open with a 25 minute social service, followed by a discussion of "Lay Evangelism" by Miss Dortha Dohner. A. L. Eshelman will speak on "What Is the Church's Business" and the service will close with an address by the Rev. B. M. Book on "Challenge of Faith."

There will be special music at each of the services.

Panthers Eager To Close Season In Victory Tonight

CHAFFEY AND SAN BERNARDINO PLAY FOR CHAMPIONSHIP

Chaffey's gridiron will be the scene tonight of the hottest battle in Panther history. And Chaffey is ready for it.

Getting better with each game, in increasing form all season, Coach Heiser's charges are at the season's peak for the crucial test with San Bernardino tonight. To the winner goes the championship of the Orange Empire Conference.

At 7:30 o'clock the final league game begins. More than a capacity crowd is anticipated. The bleachers can accommodate a trifle more than 5,000 fans. Standing room will be at a premium as an anticipated group of 6,500 persons seek to view the conflict.

The record-breaking throng will be well repaid for their efforts. Both teams have flashy ball carriers and well drilled blockers. That means spectacular playing with some scoring.

The 11 men who have proven themselves the best on the large Panther squad will be in the starting lineup. Al Flannes and Lou Bowman are ends that have sparkled against all competition. Foster Warwick and Jack Van Beek won their tackle positions over strong competition and the guards, Lou Yank and Urban Luginball are big, fighters and powerful chargers. Rupp gets the call at center but there are several pivot men ready to go.

In the backfield will be four fast, fleety runners — Shoji, Terry, Christensen and Tierney. Shoji and Terry lead the conference in number of points scored.

Cucamonga Water Co. Annual Meeting Will Be Held Next Monday

Annual meeting of the Cucamonga Water Co. will be held on Monday in the concern's office on San Bernardino road, President John H. Klusman today urging members to attend.

Reports will be given on the year's activities and of the repair work done since the March flood. More than $11,000 was expended on repairs on pumping equipment and distribution mains.

Directors will meet for the last session prior to the annual gathering tomorrow. Besides Mr. Klusman the directors are: F. A. Lucas, George L. Winter, H. I. DeBerard and A. C. Beattie.

L. A. Philharmonic at Claremont Monday

On Monday evening, Nov. 21, the Los Angeles Philharmonic orchestra will play its first concert outside of Los Angeles when it appears on the Claremont colleges artist course in Bridges auditorium. Dr. Otto Klemperer, internationally known conductor who is this year entering his sixth year with the orchestra, will conduct the orchestra of 90 musicians.

In connection with the concert, Dr. Henry Purmort Eames will give a pre-concert program in Bridges hall at 4 p. m. on Monday afternoon. This will be an informal explanatory talk on the orchestra program with musical illustrations by Dr. Eames at the piano.

Reservations for the concert may be made by addressing Claremont Colleges Artist Course, Bridges auditorium, Claremont, or by telephone Claremont 5783.

Five Persons Are Hurt in Crash of Cars on Foothill

When two automobiles crashed head on Tuesday night at Foothill boulevard and Baker avenue, five persons were only slightly injured but the machines were badly damaged.

Machines driven by Alvard Bardwell, 57 F street, Upland, and by Ross Y. Kennedy, San Bernardino, figured in the crash. Kennedy was the most seriously injured, he being removed to the county hospital after receiving emergency treatment at the San Antonio Community hospital.

Others, passengers in the Bardwell car, who were injured included Joe McLean, who suffered a fractured jaw; Miss Tommie Hooe and Miss Lola Lee, all of Ontario. They were given emergency treatment at the local hospital before being removed to their homes.

Accident Decrease Due to Center Lane Engineer Declares

If automobile accidents are reduced on certain highways there must be a reason for it, in the opinion of E. Q. Sullivan, state highway engineer. For example, on the Valley boulevard from two miles east of Ontario to three miles west, during the five months of summer and fall last year there were 13 accidents resulting in death for one person and injuries to 23 others. During the same five months of this year there were only two accidents, no injuries or deaths.

This improvement is due largely to the dividing strip in the center of the highway, he contends.

During the same five-month period a year ago, 13 accidents occurred on these same sections of the road, resulting in one death and injuries to 23 persons, he said.

"We are amazed at this record," Mr. Sullivan said. "It demonstrates conclusively the value of this type of highway construction. In fact, the record is particularly encouraging from the viewpoint that it takes some time for motorists to become accustomed to center curbings, and we even anticipated that the accident rate might increase for the first few months."

The accident survey on this portion of Valley boulevard, a link in Ocean-to-Ocean highway, was made by the California highway patrol. Mr. Sullivan said he requested the traffic analysis after the new paved island had met with vigorous protest from those operating fruit stands along the road at the outskirts of Ontario.

These roadside merchants objected to the paved central barrier because it prevented westbound cars from cutting across the pavement to stands on the south side of the road, and vice versa. As a matter of fact, this practice is regarded by the highway division as one of the most dangerous of driving habits, and one of the purposes of the island was to prevent it, Mr. Sullivan said.

Big Rodeo Will Be Climax to Covered Wagon Days Event

When the gates of Perris Hill Park, San Bernardino, open Saturday and Sunday afternoons for the two days rodeo which is to climax the "Covered Wagon Days" celebration, just about every rodeo feature ever exhibited will be offered.

This big show combines all the thrills of the rodeo — bucking broncos, wild range cattle, Brahma steers, superb horsemanship, daring steer bull-dogging, calf roping, wild cow milking, and other rodeo events with the fun and amusement of the circus and the romance of the old Wild West.

"Barber of Seville" To Be Given Twice At San Bernardino

"The Barber of Seville," rollicking grand opera by the Italian master, Rossini, will be presented Nov. 23 and 26 at the San Bernardino high school auditorium by the entire company of the Federal music project, augmented by a number of accomplished guest soloists

The production, first grand opera to be presented by the music organization under the direction of James K. Guthrie, distinguished young conductor, is expected to attract wide recognition.

The story is of Count Almaviva's efforts to win Russia, Figaro, the self-styled barber of Seville, helps Almaviva to frustrate the plans of Rosina's guardian, Doctor Bartolo, who plots with a music teacher to marry his ward himself and thus gain control of Rosina's property, Almavova finally elopes with Rosina, and Bartolo is consoled by the gift of a portion of the property.

A chorus of 30 voices under direction of Henry Cantor will provide a rich vocal setting for the solo roles. Instrumental accompaniment by the Federal symphony orchestra under the baton of Mr. Guthrie will furnish a background of captivating Rossini melodies.

Reservoir and Pump House Work to Start

WPA workers will begin construction this month of a reinforced concrete reservoir and pump house to provide irrigating and domestic water for the new Southern California prison being erected near Chino, it was reported from the Works Progress Administration headquarters in Los Angeles.

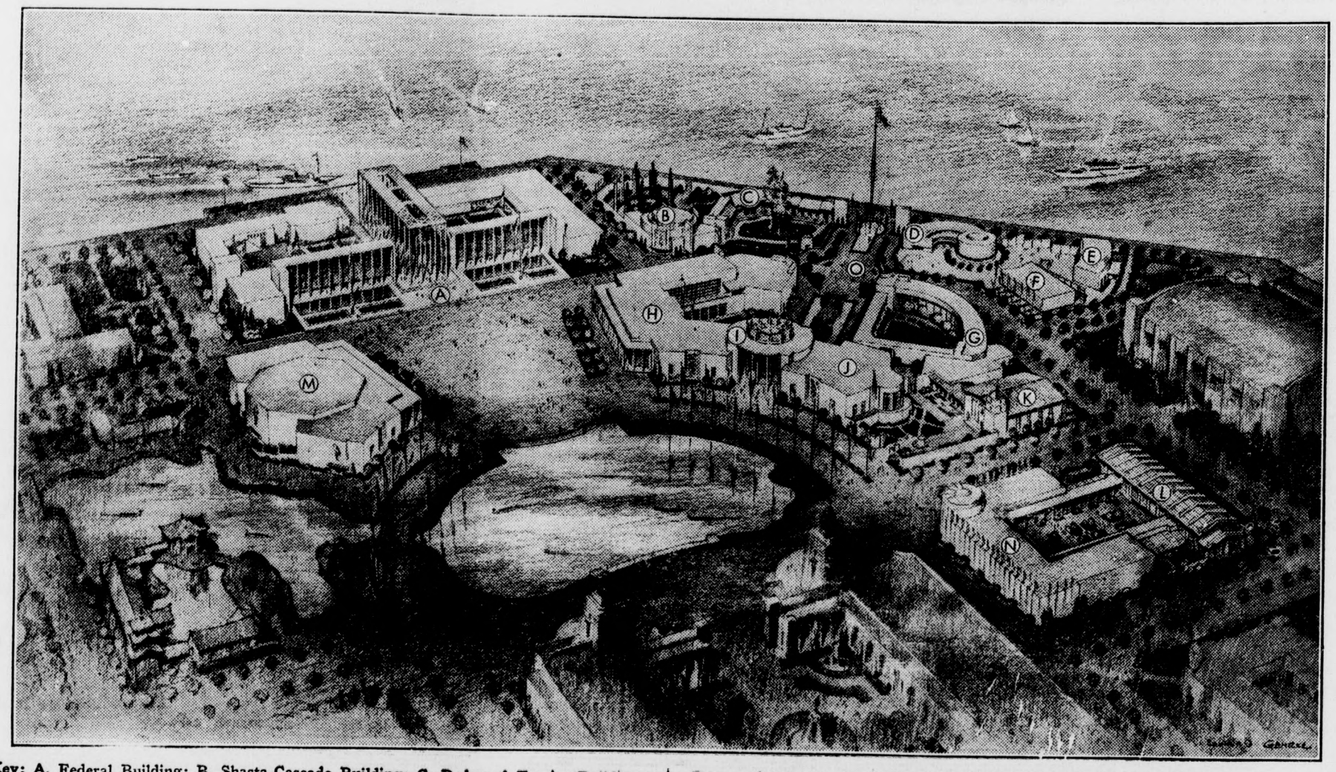

The project, employing 106 men four months, will give the institution one-half of the water storage facilities which will be required when the prison is completed, the WPA officials explained.

The reservoir and pump house will cost $78,646, of which amount the state will pay $44,253.

Presented today by the California State Commission is the above bird's-eye view—as conceived by an artist—of the Federal, State, and County group area for the Golden Gate International Exposition in 1939. Covering an area of over 12 acres, the State and County group buildings form an important unit in the general plan for the 1939 Fair. As may be noted, State and County group buildings will be attractive, impressive and spacious. From the Oregon line to the Mexican border the counties of California are co-operating with the California State Commission and the Golden Gate International Exposition.

Cucamonga ... Alta Loma

CLUB ENJOYS PROGRAM

An impromptu program that proved both interesting and amusing was enjoyed Thursday afternoon by members of the Cucamonga-Alta Loma Woman's club when they met at the home of Mrs. E. R. Hively, 641 North Ramona avenue, Alta Loma. Mrs. H. L. Salisbury was co-hostess with Mrs. Hively.

The club president, Mrs. Harry M. Wright, is attending the Southern district convention at Coronado and in her absence Mrs. W. H. Powelson, vice-president, presided during the meeting.

Mrs. Geo. S. Foster of Alta Loma, first vice-president of the Southern district, was present as a guest and was given a happy greeting.

A cordial welcome also was extended to a new member, Mrs. Ray Lawyer.

Mrs. George H. Bunnell of Redlands, scheduled to discuss international interests, was ill and was unable to keep her engagement. Hastily arranging a "home talent" program, Mrs. Chas. P. Shaffer, current events chairman, presented several members in a lively and very amusing debate on the recent court case in Los Angeles in which a young woman was forbidden to wear slacks in the court room. At the conclusion of the discussion the club members voted approval of the judge's action in upholding the dignity of the court.

The reading of several popular poems by Mrs. Francis S. Wagner, Mrs. W. H. Powelson and Mrs. Charles Beckley, concluded the program.

Announcement was made that the meeting on Dec. 1 will be held at the home of Mrs. Erwin Bishop Smith in San Gabriel. Mrs. Francis S. Wagner and Mrs. Agnes B. Hawkey, sister and mother of Mrs. Smith, being the hostesses. Mrs. Smith is an artist and her home is filled with beautiful articles of handiwork. The program for that meeting will deal with arts and crafts.

The meeting yesterday was concluded with a social hour and the hostesses served tempting Thanksgiving refreshments.

FAREWELL DINNER GIVEN

Mr. and Mrs. W. H. Rupp and daughter, Miss Marybelle Rupp entertained a number of relatives at dinner Tuesday evening at their home, 850 Amethyst avenue, Alta Loma, the occasion being a farewell courtesy for their relatives, Mr. and Mrs. Charles Behr of Paynesville, Minn., who have been visiting here for a number of weeks.

A 6 o'clock dinner was served and the evening was spent in visiting and playing Chinese checkers. Present, besides Mr. and Mrs. Behr, were Mr. and Mrs. Geo. E. Keyes, Nathan Emery, Mrs. Claude McKee and children, Melvin and Claudine of Alta Loma, and Mrs. R. C. Williams of Upland.

Mrs. Behr, who is a cousin of Mrs. Rupp and Mrs. Keyes, and Mr. Behr spent Wednesday visiting Catalina Island and on Thursday they visited Huntington library. They now are enroute to Arizona for a short visit before going on to Minnesota.

Road Maintenance in County Reported Low

Cost of road maintenance in San Bernardino county is $70.82 a mile, Howard L. Way, county highway commissioner, told members of the California Farm Bureau at their convention in Sacramento this week. One of the speakers on the program, he discussed general highway maintenance.

The county cost is reported to be much less than the average throughout the state. Mr. Way suggested recommendations which were considered by the members and may be incorporated into resolutions.

Traffic Questions Answered Here

Q—A few years ago trucks were permitted to carry so many pounds per square inch of rubber tires. Now supposing a 3 axle truck has dual tires 40x8, how much rubber have I expressed in square inches and how much tonnage would I be allowed?—N. F. S.

A—There is no restriction upon the weight permitted per inch on pneumatic tires. Solid tires are permitted a weight of 600 pounds per inch width measured at the channel flange. For example: A (3) three-inch vehicle equipped with dual 6-inch solid tires on the two rear axles and single 5-inch tires on front axle, these equaling 58 inches in tire width; multiplied by 600 equals 34,800 permissable gross weight. The aggregate weight permitted per inch of rubber is also limited as to the permitted weight as to type of vehicle, as a 3 axle vehicle 34,000 gross weight, a 2 axle vehicle 26,000 pounds gross weight, also subject to the 17,000 pound limit per axle and 10,000 pound limit per wheel.

Q—What speed would be allowed loaded to full tonnage in a business district?

A—The speed limit for solid tires for this load would be 12 miles per hour, upon any highway, regardless of district.

Q—I recently moved from San Francisco to Riverside and am now living temporarily in a hotel while looking for a permanent place to live. Must I have the addresses on my operator's card and registration certificate changed now or wait until I find a new home?—C. J. M.

A—The law requires a change of address to be filed with the department within ten days after moving from the last address shown upon department records.

Q—Does a person driving a caterpillar tractor, used to work farm land, require a chauffeur's license?—M. E.

A—Such a person does not need a license for performing such duties.

Q—How wide must a vehicle be to be equipped with a special signal device?—W. H. W.

A—When the body of a vehicle or load on the vehicle extends 32 inches or more to the left of the center of the steering wheel or under any condition when a hand and arm signal cannot be seen both to the front and rear of such vehicle.

Q—Is a "U" turn permitted in a residence district?—Mrs. V. L. except at an intersection.

A—Yes; except when other vehicle is approaching from either direction within 200 feet.

Watch Your Kidneys
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
